

Congrats, Grad! Your college degree will bring you one step closer to that exciting career and higher pay you've been dreaming about. Whether you're feeling a little anxious about your next step, or you're ready to change the world, LeanIn.Org has the toolkit you need to start your career.

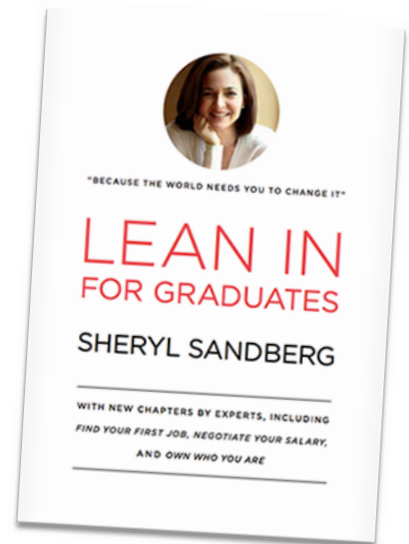

Do you need a mentor to help with your resume, give job interview advice, or explain how to negotiate your salary? Follow our [10 Tips for Graduates](#) that we created with accomplished career experts who care about your success and opportunities to lead.

After their first year out of college, women make 82 cents to their male counterparts' dollar. Let's lean in together.

Tips like: how to "[proceed and be bold](#)" and "[listen to your inner voice](#)," will help you gain more confidence in yourself and skills. Plus, each empowering tip has helpful videos and articles by our experts, too.

You can find more advice in greater detail with inspiring stories from other young people across the globe in our handbook, [Lean In for Graduates](#). This new edition includes the original best seller with new chapters created just for you.

So, look ahead with confidence and excitement. The world is waiting for you to change it. Let's [get started](#) now.
